KARAKTERISTIČNI 2D PRIKAZI

Hodnik

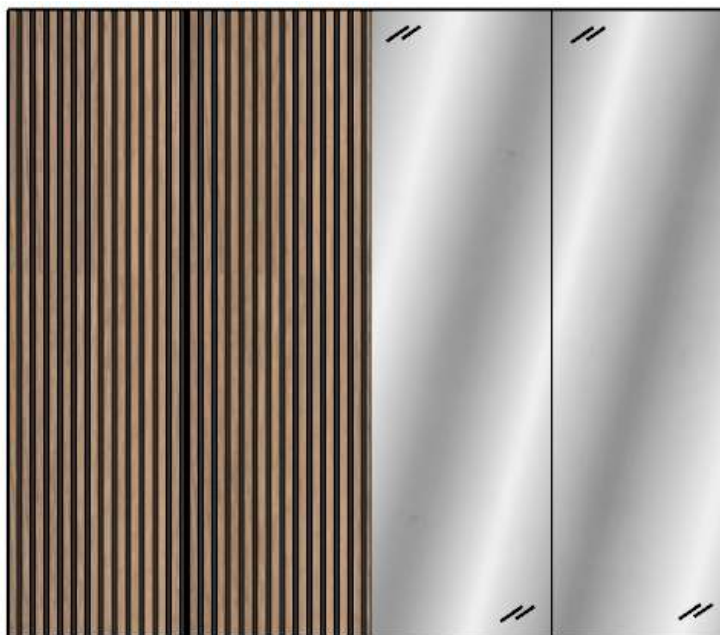

VARIJANTA 1

Kombinacija letvičastih akcenata u dekoru drva sa akcentim površinama u efektu crnomg mramora uz velike površine ogledala i svijetle beige nijanse u vidu pločastog materijala u imitaciji tekstila te samog tekstila na tabureu.

POGLED 1

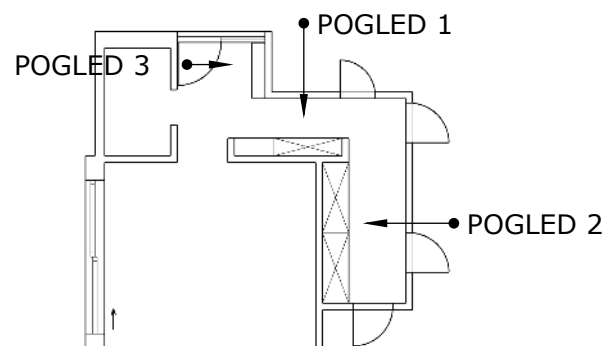

POGLED 2

POGLED 3

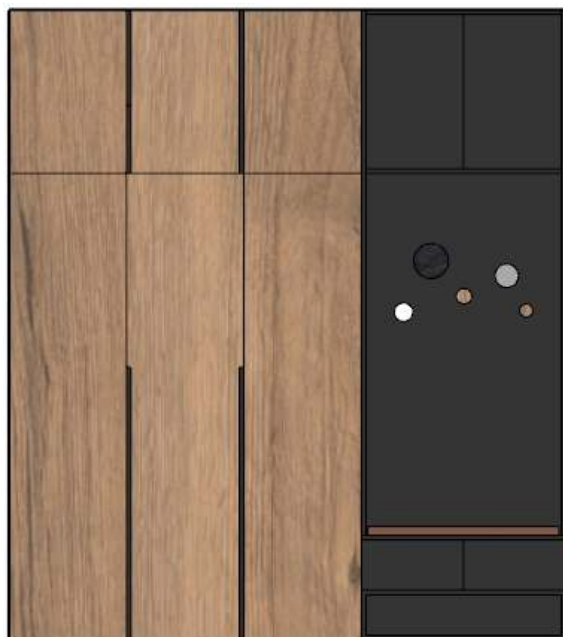

VARIJANTA 2

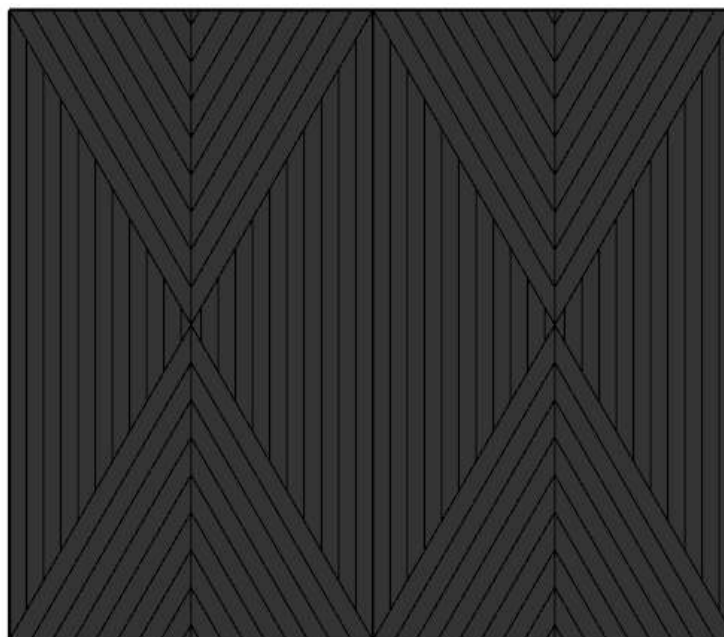

Kombinacija tamnih crnih ploha i svijetlog toplog drva u vidu stolarskog pločastog materijala. U početku prostorije vladaju ravne površine modernih linija, dok u produžetku hodnika dolazimo do reljefnih oblika.

Veliko ogledalo u ovoj varijanti sugeriram postaviti na zid između dvoja vrata spavaćih soba ili prekoputa ormara s klupicom za sjedenje.

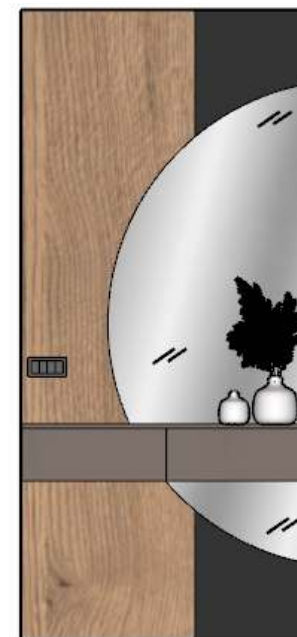

POGLED 1

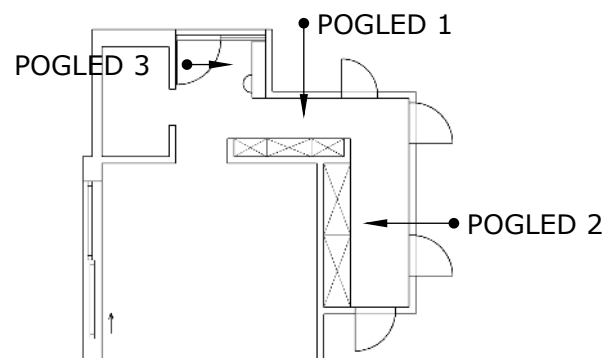

POGLED 2

POGLED 3

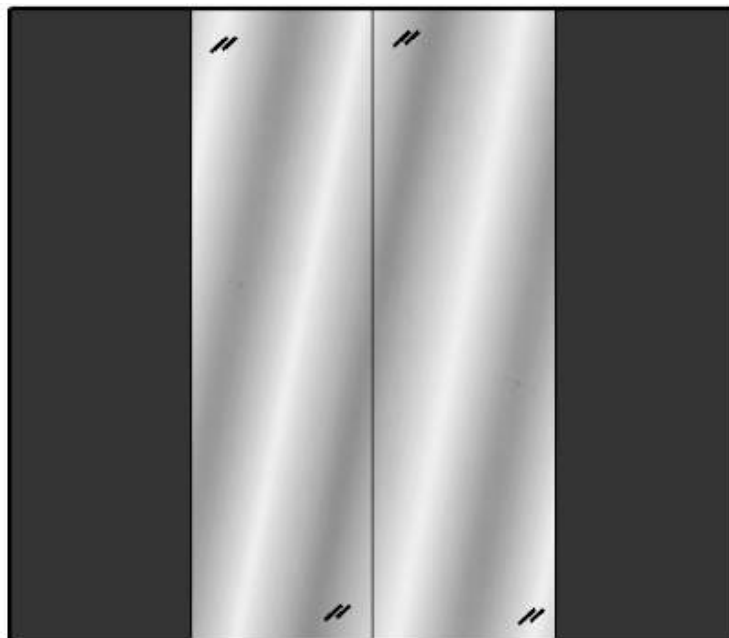

VARIJANTA 3

Kombinacija tamnih crnih ploha s velikim ogledalima te detaljima u bakru i klupicom za sjedenje integriranom u ugradbeni ormar u akcentnoj tkanini baršuna. U ovom slučaju sugestija je da zidovi budu u prozračnim svijetlim nijansama u vidu bijele boje ili nježne beige kashmir nijanse.
